The Navajo Community Planning Group has recommended approval of this project.

CITY MANAGER SUPPORTING INFORMATION:

The Del Cerro Heights Upper Gate PDP, amending PRD No. 15, proposes to permit the modification of an existing gated entry for controlled access by residents. The development is located south of Camino Rico, west of Pasatiempo Avenue and east of Bernadette Lane, within the Navajo Community Plan Area.

In 1971, the City Council approved PRD No. 15, which allowed development of 230 dwelling units in the RS-1-7 and Hillside Review Overlay Zones. This development was approved with two access points which include a main entry gate, "Lower Gate", at Camino Rico, and a second gated access, "Upper Gate", at Rancho Park Drive west of Pasatiempo Avenue. Due to neighborhood concerns regarding traffic impacts on existing streets, the Upper Gate was restricted for use to emergency vehicles only.

In 1976, the City Council denied a request to allow use of the Upper Gate by residents, finding that no material change in circumstances had occurred since approval of the original permit, and that the opening of the Upper Gate would create more traffic on neighboring streets.

In 1978 and 1979, amendments to PRD 15 allowed revisions in housing products types and resulted in a reduction of the total number of dwelling units from 230 to 179. These 179 units are existing.

In 1987, the Del Cerro Heights HOA filed an application to amend PRD 15 to allow modification of the Upper Gate to allow general ingress and egress by residents of the development. The Planning Director's decision to deny the request was appealed to the Planning Commission. The Planning Commission denied the appeal of the Planning Director's decision, and the Upper Gate was required to remain available for emergency use only. The Planning Commission's decision was appealed to the City Council which determined that there was no material change in circumstance and affirmed the Planning Commission's decision to deny the appeal. The Upper Gate has remained restricted to emergency use only.

In 2003, the Del Cerro Heights HOA filed the current application for a PDP, again requesting that controlled access of the Upper Gate be permitted for residents. Guests and delivery vehicles would be restricted to using the Lower Gate located at the main entrance. The Applicant's request indicates that since the PRD was approved, there have been changes in circumstances which warrant modification of the Upper Gate to allow controlled access. A copy of this information is included as Attachment 10.

On February 3, 2005, the Planning Commission voted 5-0 to deny the application for amendment. The Commissioners concluded that the property owner currently has the ability to install an emergency access gate providing ingress and egress, which would serve their needs as required by the existing PRD. Copies of the resolution of denial and the approved meeting minutes are included as Attachment 15 and 16 respectively.

On February 3, 2005, an adjacent property owner filed an appeal indicating that a gate associated with an 18-foot wide access easement leading to an existing City Reservoir has been locked. The easement is off-site to the PRD 15 boundary. This access easement has been improved with an asphalt roadway and leads from the terminus of Rockhurst Court public right-of-way (cul-de-sac), upward to an existing reservoir. This roadway is adjacent to an existing cul-de-sac within the Del Cerro Heights development (Caminito de la Taza) and is unrelated to the access issue from the Upper Gate. A copy of this appeal is included as Attachment 17.

On February 16, 2005, the Del Cerro Heights HOA filed a separate appeal indicating that the findings to deny the request were not supported. A copy of this appeal is included as Attachment 17.

FISCAL IMPACT:

None with this action. All staff costs associated with processing this project are recovered from a separate deposit account provided and maintained by the Applicant.

ITEM-334: Sea Breeze Carmel View Local Coastal Program Amendments.

Matter of approving, conditionally approving, modifying or denying the California Coastal Commission's suggested modifications to the amended Carmel Valley Neighborhood 8 Precise Plan, which was approved by the City Council on November 30, 2004.

The Carmel Valley Neighborhood 8 Precise Plan is located within the Coastal Zone; therefore, the City Council's decision requires amending the City's Local Coastal Program. As a result, the final decision on the amendments must be made by the California Coastal Commission. On July 14, 2005, the California Coastal Commission certified the LCP amendment with suggest modifications. The City Council will consider these modifications at this hearing.

(MND/Neighborhood 8 Precise Plan/LCP. Project No. 4449. Carmel Valley Community Plan Area. District 1.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolutions:

Subitem-A: (R-2006-377) ADOPTED AS AMENDED AS RESOLUTION R-301011

Adoption of a Resolution certifying that the information contained in the final Mitigated Negative Declaration, including any comments received during the public review process, has been reviewed and considered by this Council and it is determined that no substantial changes or new information of substantial importance within the meaning of CEQA Guideline Section 15162 would warrant any additional environmental review in connection with approval of the California Coastal Commission suggested modifications to the amended Carmel Valley Neighborhood 8 Precise Plan and the Local Coastal Program approved by the City Council on November 30, 2004, for the Sea Breeze Carmel Valley Project;

That the City Clerk is directed to file a Notice of Determination (NOD) with the Clerk of the Board of Supervisors for the County of San Diego regarding the above project.

Subitem-B: (R-2006-378) ADOPTED AS RESOLUTION R-301012

Adoption of a Resolution accepting and approving the California Coastal Commission's suggested modifications for the Sea Breeze Carmel View and Carmel Valley Neighborhood 8 Precise Plan.

OTHER RECOMMENDATIONS:

Planning Commission on November 4, 2004, voted 5-0 to recommend to the City Council that they approve staff's recommendations; was opposition.

Ayes: Ontai, Schultz, Lettieri, Chase, Otsuji

Recusing: Garcia

Not present: Steele

The Carmel Valley Community Planning Board on September 14, 2004, approved the original Precise Plan amendment. The proposed modifications were distributed to the Planning Board at their meeting October 11, 2005.

CITY MANAGER SUPPORTING INFORMATION:

The City Council approved amendments to the Carmel Valley Neighborhood 8 Precise Plan for the Sea Breeze Carmel View Project on November 30, 2004, changing the 4.5 acre site from very low residential (0.5-acre) and open space (4.0-acres) to commercial use. The Precise Plan amendments and associated rezone amended the City of San Diego Local Coastal Program (LCP) and also required approval and certification by the California Coastal Commission. On July 14, 2005, the Coastal Commission approved the LCP; however, the Coastal Commission's approval included suggested modifications to the Carmel Valley Neighborhood 8 Precise Plan. The modifications address the concentration of development within Neighborhood 8 as a whole, protection of hillside views, avoidance of impacts to sensitive biological resources, brush management encroachment, and for the Sea Breeze Carmel View project specifically, the adequacy of support retail uses and need for transportation demand management.

Before the LCP amendment can become effectively certified, the City must take formal action to adopt the Coastal Commission's suggested modifications to the Precise Plan. The City Council must approve or deny the modifications as proposed, without further revisions. If the revisions are not adopted as proposed, the LCP amendments, and associated project may not be implemented. As determined by City staff, the Coastal Commission's proposed modifications

are consistent with and augment existing policies in the Precise Plan. Where policies will be made more restrictive, the proposed language generally provides some flexibility for implementation.

Subitem-C: (R-2006-) NOTED AND FILED

Accepting the status reports of the Audit Committee and KPMG; directing the City Attorney to prepare applicable resolution.

CITY MANAGER SUPPORTING INFORMATION:

In February of 2005, the City of San Diego ("City") entered into an agreement with Kroll, Inc. ("Kroll") to receive, review and evaluate the findings of the investigations performed by Vinson & Elkins ("V&E") and the City Attorney, and to provide consulting assistance in assessing internal control deficiencies affecting matters discussed in the investigation reports (see attached agreement with Kroll). The original agreement was for a not-to-exceed amount of \$250,000.

Four subsequent amendments increased the not-to-exceed amount to \$3,525,000, and another amendment is before the Mayor and City Council today requesting an additional amount of \$1,750,000, bringing the total not-to-exceed amount to \$5,275,000.

Kroll will also be utilizing independent legal counsel from the firm of Willkie, Farr & Gallagher LLP ("Willkie, Farr"). Willkie, Farr's role will be to provide counsel and assistance to Kroll and the Audit Committee in connection with the independent investigation into SDCERS finances and disclosure, as well as with other matters that, in the judgment of the Audit Committee, may require inquiry or investigation. Willkie, Farr will report exclusively to the Audit Committee, serving with complete independence from the Mayor and City Council, the City, and the City's departments, agencies and elected officials.

Funding for the retention of Willkie, Farr in the amount of \$500,000 was approved by the Mayor and City Council in May of 2005. Three subsequent amendments increased the not-to-exceed amount to \$2,650,000. An additional amendment is before the Mayor and City Council today, requesting an additional \$1,250,000 to cover estimated expenses for November through December of Fiscal Year 2006, and would bring the total not-to-exceed amount to 3,900,000.

The requested funding is consistent with information presented to the Mayor and City Council on October 10, at which time the City Manager's Office outline anticipated future spending requirements for the audit and financial investigations.
